PRIMARY OBJECTIVES	<p>THE ORGANISATION Sunraysia Community Health Services (SCHS) is a service providing primary and preventive care for our community members who are at risk of poor health outcomes, and experience health disparities. SCHS understands the influence of the Social Determinants of Health (SDoH) upon health inequities experienced by community members. The centrepiece of care at SCHS is providing a client relationship based care coordination approach, that identifies and attempts to address the SDoH for clients, work with consumers and community members, to structure their care around the context in which they live and work.</p> <p>THE PROGRAM Dietitians are experts in food and nutrition. They provide guidance about how to appropriately manage diets and nutrition for people who may be affected by health conditions such as diabetes, overweight and obesity, cancer, heart disease, renal disease, gastro-intestinal diseases, and food allergies.</p> <p>POSITION PURPOSE Our dietitians are responsible for the provision of a range of dietetic services and programs within a social model of health. They may treat many chronic and temporary health conditions. The role may involve a nutritional needs assessment, a personalized eating plan, nutritional counselling, healthy eating and shopping advice and help to treat a diet-related illness.</p>
