

# Vision & Values

## Vision

A champion for health equity

## Purpose

To explore and deliver innovative solutions to health and social needs, when and where they are needed

## Values

### Compassion

We treat people with empathy, respect and dignity and we care about our clients, our people and our community.

### Justice

We promote equity, peace and a genuine respect for people in our community.

### Excellence

We are prepared for change and strive for continuous learning and quality improvement.

### Accountability

We commit to responsible and open decision-making, taking responsibility for our decisions and actions, being reflective and open to feedback.

### Collaboration

We work as a team and actively communicate and build constructive relationships to achieve positive outcomes.

# Strategic Priorities & Strategic Enablers

## Strategic Priorities

1. Secure and develop a workforce that enables the organisation to deliver all of its services

2. Build services and partnerships to support clients to address the social determinants of health

3. Provide community-led approaches to how we deliver care

4. Re-imagine the client journey

## How SCHS will progress its Strategic Priorities

**Strategic Direction**  
2023 - 2028
